Teaching Excellence Framework

# **MORE THAN A DEGREE**

The University of Westminster has been breaking barriers for more than 185 years – helping people from all backgrounds explore their passions and fulfil their ambitions, however big or small they may be.

Whether you dream of starting your own business, aspire to land your perfect job or are simply on the path to discovery – it all starts here at Westminster.

We are a place where you can feel safe to be yourself, a place to feel supported as part of a global community, a place with an unmistakable London energy and a place to have the time of your life.

So, whoever you are, wherever you're from and wherever you're going, make the University of Westminster your first destination.

## Teaching Excellence Framework

The Teaching Excellence Framework encourages and recognises high-quality teaching and student outcomes. This award recognises the very high quality of our students' outcomes and the work of our colleagues to enable these. From alumni mentoring, to authentic assessments, to co-creation projects with our students as partners, we strive in everything we do to support all students to have an authentic, personalised and transformative experience.

Professor Peter Bonfield, Vice-Chancellor  
Dr Sal Jarvis, Deputy Vice-Chancellor (Education)

Teaching on undergraduate courses is usually split into modules lasting either for the whole academic year or for one semester (half a year). The academic year normally starts in September and finishes in June. Each year includes three-week vacations at Christmas and Easter. The confirmed dates are published on our website at [westminster.ac.uk/university-calendar](http://westminster.ac.uk/university-calendar)

You will be notified of any changes to term dates in the pre-enrolment information. Information correct at the time of printing. For up-to-date information please check the website.

# WORKING TOGETHER, FOR YOU

Our Vice-Chancellor and President, Professor Peter Bonfield, and Students' Union President, Divanshu Airan, are committed to working together and striving for the best possible student experience. They sat down to chat about all things Westminster...

## Can you tell us about the opportunities for career development here at Westminster?

**Divanshu:** We put emphasis on making students 'future ready' after graduation. There is a whole team dedicated to career support, which includes career mentoring, CV and interview sessions. Teaching doesn't just focus on theory. The practical element is also very important.

**Peter:** With all our work-based learning embedded in the curriculum and then our career support - in particular our Westminster Enterprise Network, which helps people launch start-ups and find their way - there's a huge amount on offer. We have great employability links, not just in the UK but all around the world. Right from the beginning, we help our students think about their careers after graduation.

## What makes our University distinctive and special?

**D:** First of all, it's diversity. We have students studying here from more than 160 countries. You can find students celebrating and sharing their different cultures and that's really a value and how we grow here. Westminster is a family - your home away from home.

We're in the heart of London - that really makes a difference. You can connect with different businesses and networks here and that can make you globally present.

Our Students' Union has just been named Students' Union of the Year by the National Centre for Diversity in their Top 100 Inclusive UK Employers Index 2024.

**P:** The diversity of our student and colleague community is really powerful. It's brilliant to be in this wide array of different views and perspectives on the world.

Our method of teaching, where we teach the theory and then get people to explore it and develop it is special.

We have our clubs and societies, our Dragons! Around 13,000 students are active in their club or society.

## What advice would you give to students who are researching universities?

**P:** Ensure the course is something you're really interested in and want to study. Your career can work out afterwards, so choose something you really are curious about and will enjoy.

Make sure you choose a university within which you feel you belong and you're going to be at your happiest. Every university has a different personality, so choose one that fits you best. And the best way of finding out

We have great employability links, not just in the UK but all around the world. Right from the beginning, we help our students think about their careers after graduation.

Professor Peter Bonfield  
Vice-Chancellor and President

that is to attend an Open Day and speak to existing students and ask them questions like, what does it feel like at Westminster?

**D:** View the values that the university has and the support that it provides to students. Where is the university located? We're located in the heart of London, which I believe adds to our inclusiveness and culture. How does the university approach teaching? Are they innovative and creative?

**P:** Also look at the facilities. Look at the places you're going to study in, because they're all key parts of the decision-making process. What's it going to be like to study here? So if you're a life scientist or artist or filmmaker or whatever, have a look at the place inside and see if it works for you too.

Westminster is a family - your home away from home.

Divanshu Airan  
President, Students' Union

# LONDON IS YOUR CAMPUS

London is the best student city in the world (that's the 2025 QS World University rankings talking, not just us) and our location means there are so many adventures and discoveries for you to make, both on campus and beyond.

## Personal and Professional Development

**Career development:** There are around one million businesses in London from multinational companies to exciting start-ups. The city's vibrant job market provides plenty of opportunities for you to find part-time jobs, internships and placements.

**Networking:** Studying at Westminster provides countless networking opportunities. Students can connect with businesses, industry leaders and alumni, forging relationships that can lead to mentorship, placements and job offers.

**Personal growth:** Living and studying in such a dynamic city encourages personal development, independence and resilience. You will learn to adapt to new environments, navigate challenges and thrive in a fast-paced setting.

Three of our campuses are located in central London, near major companies such as the **BBC headquarters**.

We offer a diverse range of **networking events** allowing students to meet and connect with industry leaders.

London is home to iconic museums such as the **Tate Modern**, which is known for its impressive collection of **contemporary and modern art**.

## Culture

**Diverse population:** London is a multicultural city with people from all over the world, offering a rich mix of cultures, languages and traditions.

**Arts and entertainment:** The city hosts world-class museums, galleries, theatres and music venues, providing endless opportunities for cultural exploration.

**Student life:** London offers a vibrant student life with numerous clubs, societies and events, ensuring you have a memorable and fulfilling experience.

London is a surprisingly **green city**, with around **3,000 parks** and a network of canals and rivers to explore.

London has a vibrant music scene, offering daily **live performances** across the city.

**Canary Wharf** is a major business area, known for its financial institutions and modern skyscrapers.

## International Opportunities

**International business hub:** London is a global centre for many sectors – business, finance, technology, law, politics, media, design, science, creative and more – attracting professionals from around the world. This provides students with countless networking and internship opportunities.

**Multicultural environment:** Living in London exposes you to different perspectives and ways of life, strengthening your global awareness and intercultural skills.

**Global city:** With six major airports, London is one of the most connected cities in the world, making it the ideal study destination for international field trips and work experience.

London is known for its rich history and iconic landmarks such as **Big Ben** and the **Houses of Parliament**.

# LIFE AT CAVENDISH CAMPUS

**Cavendish Campus** is close to the iconic BT Tower, plus plenty of shops, restaurants and cafes.

The University has three campuses in central London and one in Harrow, north-west London.

**Cavendish Campus**, situated in central London, is within a few minutes' walk of Oxford Street, Tottenham Court Road and Soho.

Subjects taught here include:

- Biological and Biomedical Sciences
- Computer Science and Engineering
- Data Science and Informatics
- Nutrition and Public Health
- Psychology

Nearby tube stations:

- 🚇 Goodge Street (0.3 miles)
- 🚇 Warren Street (0.4 miles)
- 🚇 Tottenham Court Road (0.5 miles)
- 🚇 Oxford Circus (0.5 miles)
- 🚇 Euston (0.7 miles)

Our **physiology lab** is equipped with exercise machines, cardiovascular and nutritional assessment equipment. There are specialist facilities for measuring body composition, including the BodPod and Galileo.

Our recently revamped **psychology spaces** include individual and group research labs, plus specialist labs for psychobiology and psychophysiology, Transcranial Magnetic Stimulation and EEG (electroencephalogram).

Our **specialist lab** caters for the hardware layer aspects of computer system engineering.

Our **brand-new Immersive Development Lab** is led by professionals from the gaming industry. The lab includes the latest VR/ XR technologies, 3D printers and cameras, green screens and more.

We have **over 30 specialist labs**, including cyber security and forensics, Mac, and gaming labs, with various operating systems, software and VR hardware.

Our **new innovation space** is a versatile area for group projects, presentations, individual study and socialising, equipped with state-of-the-art computers and displays.

Our campuses offer various **study and social spaces**, all equipped with wifi, power outlets and comfortable seating.

**Cavendish Campus** is home to the **library and student centre** for both Regent and Cavendish campuses. You can loan learning resources, study in our quiet areas or book a group study space.

We have four floors of **state-of-the-art laboratories**, ranging from large labs for practical teaching sessions, to spaces with specialist equipment, such as cell culture facilities and DNA sequencing.

Our **lecture theatres** are home to your larger teaching sessions, where you'll learn from our academic experts alongside your classmates.

# LIFE AT HARROW CAMPUS

The University has three campuses in central London and one in Harrow, north-west London.

Harrow Campus, situated in north-west London and a short tube ride away from central London, is a collaborative hub of creativity, design and innovation.

Subjects taught here include:

- Art, Design and Visual Culture
- Fashion
- Film and Television
- Media and Communication
- Music

Nearby tube stations:

- 🚇 Northwick Park (0.1 miles)
- 🚇 Harrow-on-the-Hill (0.4 miles)
- 🚇 Wembley Central (2.5 miles)

Our spacious art and design studios are equipped with state-of-the-art design and production tools.

Our music facilities include surround and Dolby Atmos recording studios, rehearsal rooms and performance spaces.

Our library has a range of books and resources on subjects taught at our Harrow Campus, along with group, individual and distanced individual study spaces.

Our Broadcasting Suite features a functioning classroom, TV-style set and gallery, green screen and podcasting facilities.

Our facilities include Film and TV studios, gallery, sound control, dressing rooms, green rooms, set building workshops and editing suites equipped with professional standard software.

Our Sports Hall provides match and training facilities to our student teams, along with a gym equipped with a mix of cardio and resistance equipment.

Our gallery spaces showcase the media, art and design work of our current students and alumni, and host renowned local, national and international artists.

Our large communal area is where students meet to study, socialise, or relax after lectures. It's also the location where our student work is showcased.

Our Games Hub features high-spec computers with powerful game engines, industry software, Cintiq drawing tablets, and gaming chairs to bring your games to life.

Our professional standard photography spaces feature a suite of photography equipment, studios, darkrooms, plus print, digital and finishing facilities.

Our design students have their own dedicated studio equipped with individual design spaces, industrial sewing machines, pattern cutting tables and mannequins.

# LIFE AT MARYLEBONE CAMPUS

The University has three campuses in central London and one in Harrow, north-west London.

Our **Marylebone Campus**, situated in central London, is within a few minutes' walk of Baker Street, Marylebone High Street and Regent's Park.

Subjects taught here include:

- Accounting and Finance
- Architecture, Interiors and Urban Design
- Business and Management
- Construction, Surveying and Real Estate
- Economics
- Marketing
- Tourism and Events Management

Nearby tube stations:

- 🚇 Baker Street (0.1 miles)
- 🚇 Regent's Park (0.4 miles)
- 🚇 Marylebone (0.4 miles)
- 🚇 Bond Street (0.8 miles)
- 🚇 Paddington (1.0 miles)

Our Marylebone Campus has an impressive selection of **modern lecture theatres** equipped with **state-of-the-art audio-visual equipment**.

Experience real-world trading in our two state-of-the-art **Financial Markets Suites**, featuring the **exclusive Bloomberg platform** for cutting-edge teaching and research.

The **Westminster Boardroom** offers the perfect space for you to sharpen your boardroom skills.

Our digital marketing lab, **Switch23**, mimics a creative agency with a large touch screen and workstations for presenting campaign ideas straight from your device.

Our **architecture studios** provide unrivalled facilities for study and collaborative learning.

Our **Fabrication Laboratory** allows students to explore the exciting field of digital fabrication.

Our **on-campus cafe** offers a range of drinks, hot food, sandwiches and snacks throughout the day, with plenty of **student deals available**.

Our **three-floor library** has a range of books and resources on subjects taught at our Marylebone Campus, as well as additional **study spaces for individual and group work**.

[CLICK FOR MORE INFORMATION](#)

# LIFE AT REGENT CAMPUS

The University has three campuses in central London and one in Harrow, north-west London.

309 Regent Street, situated in central London, is part of our Regent Campus and is within a few minutes' walk of Oxford Street, the BBC headquarters and Soho.

Subjects taught here include:

- Criminology
- English and Creative Writing
- History
- Languages
- Politics and International Relations
- Sociology

Nearby tube stations:

- 🚇 Oxford Circus (0.1 miles)
- 🚇 Bond Street (0.3 miles)
- 🚇 Tottenham Court Road (0.5 miles)
- 🚇 Great Portland Street (0.5 miles)
- 🚇 Piccadilly Circus (0.6 miles)

Our Regent Street building is in the heart of central London, close to Oxford Circus station and hundreds of shops, cafes and restaurants.

309 Regent Street is our flagship building and dates back to 1838, when we first opened as the Royal Polytechnic Institution.

The Hideaway is a great social space where you can grab a drink, catch up with friends between lectures and attend events run by our Students' Union, including open mic nights and karaoke.

Our historic Regent Street Cinema - the birthplace of British cinema in 1896 - is located within our University headquarters at 309 Regent Street. University of Westminster students receive a discount on tickets.

We have a range of learning and teaching spaces including classrooms and seminar rooms, plus active learning spaces designed for group working and projects.

The Gallery Coffee Shop has an inspiring display of artwork by current Westminster students, with work available to purchase, or just admire while you buy a coffee.

We have a number of computer rooms, used for interactive teaching sessions as well as your personal use between lectures.

The on-site gym is open to students from all campuses and offers a range of workout equipment and exercise classes, as well as personal trainers.

Our lecture theatre is home to your larger teaching sessions, where you'll learn from our academic experts alongside your classmates.

CLICK FOR MORE INFORMATION

# LIFE AT LITTLE TITCHFIELD STREET

Our Little Titchfield Street site is a short walk from Oxford Street and surrounded by plenty of shops, cafes and restaurants.

We have a variety of different size **classrooms** for smaller teaching sessions where you'll collaborate with your classmates.

The University has three campuses in central London and one in Harrow, north-west London.

Our Little Titchfield Street site, situated in central London, is part of our Regent Campus and is where we teach all Law courses.

This campus is a short tube ride away from the Royal Courts of Justice, the Old Bailey and many leading law firms.

Nearby tube stations:

- 🚇 Oxford Circus (0.2 miles)
- 🚇 Bond Street (0.4 miles)
- 🚇 Tottenham Court Road (0.4 miles)
- 🚇 Great Portland Street (0.5 miles)
- 🚇 Piccadilly Circus (0.8 miles)

Our **brand-new basement social space** is the perfect place to hang out between lectures and get some work done with classmates.

We have a large, **modern lecture theatre** equipped with AV technology and with capacity for larger teaching sessions.

The **basement social space** has individual pods and desks if you need a quieter space to get work done.

Students can volunteer to work at the **University of Westminster Legal Advice Clinic**, applying their learning to real-world situations and helping to advise members of the public on legal matters.

Named after former Westminster athlete Mary Lines, who won five gold medals in the 1921 Olympic Games, the **Mary Lines Cafe** is a great place to have lunch, relax between lectures or catch up with classmates over a coffee.

[CLICK FOR MORE INFORMATION](#)

# STUDENT ACCOMMODATION

## Home sweet home

Living away from home for the first time can be daunting, but living with other students, close to university, will help you feel right at home. Common rooms and shared kitchens make living in halls a sociable experience that's about more than having a place to rest your head at night.

You can apply for a place at Harrow Hall, Olympic Way or other halls provided by our partners.

## Harrow Hall

For students who are predominantly based at our Harrow Campus - the complex consists of self-contained units arranged in small, purpose-built, low-rise blocks, all surrounded by green space.

## Olympic Way

Olympic Way is a five-minute walk from Wembley Park tube station and a short tube ride away from central London. It comes with multiple areas for quiet study and a large TV area with sofas and comfy chairs. The outdoor terrace offers the perfect place to watch the sunset on the London skyline, and the pool and ping pong tables are great for relaxing after a long day.

## Alternatives

Westminster works in partnership with several high-quality private hall providers who offer accommodation across London, so there are plenty of options if you wish to live closer to our West End campuses. There are also private house-share opportunities throughout the city, and our Student Accommodation Team can help you to find suitable properties.

For more information go to:  
[westminster.ac.uk/accommodation](http://westminster.ac.uk/accommodation)

# STUDENT LIFE ON CAMPUS

## ALL OF OUR CLUBS, GYMS AND SOCIETIES ARE FREE FOR STUDENTS TO JOIN!

The University of Westminster Students' Union was named **Students' Union of the Year** by the National Centre for Diversity in 2024.

We have hosted **National Student Pride** on campus for over ten years.

## A student welcome event in the Hideaway.

## Best Bar None 2024

The University of Westminster Students' Union has been awarded a gold accreditation and certificate of achievement for their commitment to welfare and wellbeing as part of the National Union of Students' Best Bar None scheme.

## Students' Union

The University of Westminster Students' Union (UWSU), run for students by students, looks after your needs and fights for your rights, completely independent of the University. You automatically become a member of the UWSU when you join the University, so you can start engaging with everything on offer from day one.

**Societies:** With over 100 societies to join for free, there are plenty of opportunities to discover something new, make friends or pursue your passions. Societies include Acting, Baking, Swift, Travel and so many more.

**Social events:** From karaoke and open mic nights to events supporting mental health and wellbeing, there are a wide range of events for everyone.

**Employment and volunteering:** Students can gain valuable experience and skills through working with the SU at events and in venues on campus. You can also apply to become an academic rep, which enables you to improve your leadership skills.

## The SU hosts regular student events and nights on campus.

Our **new sports centre** in Harrow includes a 180-seater sports hall that hosts sports such as basketball, volleyball and netball. It's also home to a strength and conditioning gym with the latest fitness and gym equipment.

Our **fitness facilities** have been shortlisted in the National Fitness Awards 2024, a prestigious annual event that recognises and honours the best fitness facilities, gym instructors and health clubs across the country.

**Sports Facility of the Year**  
We are proud to have won the **National Fitness Awards Education Facility of the Year 2024** for our new **Den Sports Hall**, home of the **Westminster Dragons!**

Students from a variety of **societies and sports teams**.

## Sports and Leisure

Whether you're planning to join a sports team, are a regular gym-goer or just like to try a new sport every now and then, we have plenty of sports, leisure facilities and activities available for everyone.

**Sports societies and teams:** Our Students' Union has a range of clubs you can join, from netball and volleyball to Muay Thai and climbing.

**Health and fitness:** Both of our gyms offer cardiovascular equipment, free weights, resistance equipment, lifting platforms and a functional area. Classes includes yoga, Pilates, pump, circuit and much more!

**Dragons Active** is a dedicated programme of social sport, physical activities and fitness classes open to students of all abilities.

# HELPING YOU GET THE CAREER YOU WANT

**ALL OF OUR CAREER SUPPORT SERVICES ARE INCLUDED WITHIN THE COST OF YOUR TUITION.**

Being a student at Westminster gives you access to a range of personal and professional development initiatives. Whether you're looking to find a graduate role, dive into the world of start-ups, launch your own business or you're still unsure what you want to do - we have something for everyone. Here's just a taste..

**Careers advice and guidance** - personalised career advice and CV feedback

**Careers fairs and events** - regular opportunities to meet employers and industry leaders

**Engage Careers Portal** - access to a wide range of jobs and opportunities, 1-2-1 appointments, events and careers resources

**International experience** - trips, studying or working abroad (see pages 26-27)

**Internships and placements** - our dedicated work placement team can help you find opportunities to gain relevant work experience

**Mentoring** - one-to-one or group mentoring sessions with industry professionals

**Networking** - various events to expand your personal and professional networks

**Personal tutors** - helping you fulfil your academic and personal potential

**Polylang** - learn a language for free while you study

**Student Ambassador Scheme** - work part-time representing the University

**Talent Bank** - On campus, paid, part-time roles that work around your studies

**Virtual Skills Academy** - a series of seminars and workshops delivered by our careers team and other guest speakers on a wide range of careers topics

**Volunteering** - we can help you find opportunities locally, nationally or overseas

**WeNetwork** - entrepreneurial network connecting students and graduates with industry to develop their skills, engage in self-employed work and create businesses

**Westminster Employability Award** - recognition and rewards for participating in career and personal development activities

**Westminster Working Cultures** - a chance to experience professional working environments both in the UK and overseas

**Zone29** - our new and dedicated centre for student enterprise and career success (see page 25 for more details)

Gain work experience and earn money being a Student Ambassador.

One of many careers events that we host on campus.

A group mentoring session on campus.

Students on a Westminster Working Cultures UK trip to Liverpool.

Students networking with a guest speaker at an industry event.

All students are assigned a personal tutor.

# HELPING YOU STEP UP

We've been recognised many times for our commitment to preparing students for their future careers. Our career-focused, practical courses blended with multiple career support (see pages 22-23) will prepare you for the world of work.

**We are ranked #1 in the UK for work-based learning**

Source: Forage, 'Introducing the UK's top institutions for work-based learning', 2023.

The University of Westminster was shortlisted in the **Outstanding Entrepreneurial University** category at the Times Higher Education Awards 2024

Source: Times Higher Education Awards, 2024.

Our Westminster Working Cultures UK programme has won a **Gold Circle of Excellence Award** from the Council for Advancement and Support of Education (CASE Awards 2023).

We were shortlisted for three London Higher Awards in 2024:

**Best Entrepreneurial Initiative at a London University**

**Outstanding Contribution to Student Employability**

**Best Research/Knowledge Exchange Collaboration in London**

Source: London Higher Awards, 2024.

Students visiting the London office of a multinational advertising and public relations company as part of **Westminster Working Cultures UK**.

# STEP THROUGH INTO ZONE 29

Set to open in 2026 next to our Marylebone campus, Zone29 will be an innovative physical and digital space that connects our diverse student talent with the world of business and the local community.

- It will provide a space for students, graduates, businesses, organisations and residents to co-create in an inclusive, sustainable environment.
- Through innovative training, facilities and career opportunities, we'll inspire new jobs, enterprises and game-changing collaborations in Westminster, London and beyond.
- Open to current and former Westminster students, our purpose-designed, work-oriented environment will help grow your industry skillset, connections and job opportunities.

[CLICK FOR MORE INFORMATION](#)

# INTERNATIONAL EXPERIENCE

## Explore the world while getting your degree

Westminster seeks to offer a truly global education to all of our students, should they wish. Do you want to see the world, take in a new culture or develop your language skills? We offer a range of global opportunities options including:

**Student exchange** - Study abroad for a term or a year to learn in a different education system and expand your horizons. We have more than 70 exchange partners in over 25 different countries.

**Work abroad** - Complete a semester or full-year international work placement and experience living and working in another country.

**Global Experience Bursary** - We offer funding to support students to go abroad over the summer to gain skills and experience including international internships, summer schools, language courses and volunteering.

Our overseas opportunities come with the chance to apply for funding including via the **Turing Scheme** and our **in-house Global Experience Bursaries**.

**Westminster Working Cultures (WWC)** - Fully-funded professional opportunities to experience working cultures in the UK and 13 global cities overseas.

**Summer School Exchanges** - Join an international summer school at one of our global university partners. Previous destinations have included Hong Kong, Rome and Copenhagen.

**Academic field trips and course-related activities** - Some courses offer opportunities for short international trips during the semester with your fellow students and led by your course leader. Or apply to join a course-specific placement, such as one of our internships at the UN Migration Agency or a clinical placement for Life Sciences students in Ghana.

Independent research shows that students from all backgrounds who engage in overseas mobility during their studies are more likely to achieve a higher degree classification and be in a better job with a higher starting salary than those who don't go abroad.

Source: Widening Participation in UK Outward Student Mobility by Universities UK International

For more information visit: [westminster.ac.uk/working-and-studying-abroad](https://westminster.ac.uk/working-and-studying-abroad)

Please note that some opportunities are dependent on the course you are studying.

Student exchange in Hong Kong.

Students visit IBM offices in Milan as part of a Westminster Working Cultures trip.

Kareem, a Finance and Business Management student, taking part in the Model United Nations club at Hong Kong Baptist University.

Students and staff on a Westminster Working Cultures programme in Singapore.

A Pharmacology and Physiology BSc student at Kwame Nkrumah University of Science and Technology in Ghana for his clinical placement.

As a London-born student, the idea of studying abroad seemed daunting, but taking the leap outside of my comfort zone allowed me to emerge transformed. My time at Hong Kong Baptist University enriched my personal and professional development in ways I never imagined.

Kareem,  
Finance and Business Management  
BA Honours

Seeing the sights and enjoying the weather on the **Mumbai 2023 WWC** programme.

An International Business BA student studying at a **partner summer school** in Rome.

# AFTER YOU GRADUATE

Your journey at Westminster doesn't end at graduation; you'll join our global alumni network, connecting you with fellow graduates worldwide.

## Alumni benefits

As an alumnus, you will benefit from a number of benefits and services including:

- tailored careers support for up to three years after graduation
- up to 20% discount on further study, including Master's degrees
- invitations to networking events in the UK and overseas
- access to an exclusive online networking platform
- mentoring from professionals working in your area
- a free Alumni Card providing access to the University buildings and campus libraries
- discounted gym and sports centre membership.

To find out more visit [westminster.ac.uk/alumni](https://westminster.ac.uk/alumni)

Westminster's commitment to supporting underrepresented student and graduate entrepreneurs was recognised at the National Enterprise Educator Awards 2023.

# GRADUATE SUCCESS

**Jack Rooke**  
Comedy writer and BAFTA winner

Jack, a Journalism BA alumnus (course now replaced by Digital Media BA with multiple pathways), is an English comedian, author and mental health ambassador. He is known for his BAFTA-winning Netflix show *Big Boys*, where he uses humour to explore themes of grief, loss and the awkwardness of death, offering a fresh and heartfelt perspective.

**Anoushka Pacquette**  
Award-winning architect

Anoushka, an Interior Architecture BA graduate, is an award-winning architect with a focus on wellbeing and sustainability. She is dedicated to improving diversity and inclusion in the industry and breaking the barriers facing minority groups and women in architecture. She was one of the joint winners of the British Council of Offices' Next Gen Ideas Competition 2022 for her work on designing Digital Detox Zones for workplaces.

## ACCOUNTING AND FINANCE

Westminster Business School offers innovative courses in accounting, finance and business management. We blend traditional expertise with cutting-edge digital finance and FinTech, preparing students for the evolving financial landscape.

With access to our two state-of-the-art Bloomberg-powered Financial Market Suites and strong ties to professional bodies, you'll gain hands-on experience and industry-recognised skills. Our forward-thinking approach ensures graduates are ready to tackle global

finance, analytics and accounting roles, and are equipped to navigate the rapid digital and technological shifts shaping the financial services sector.

### Career opportunities

Graduates are well prepared for diverse roles in financial and management accounting, consultancy and FinTech. With skills in blockchain, AI and machine learning applications, you can pursue careers as an economic analyst, financial adviser, investment analyst or management consultant, contributing to the future of global finance.

Access to **two Bloomberg Financial Market Suites**

**Optional placement year** to gain valuable work experience

All courses offer a range of **global opportunities** and **work placements**. All courses are based at Marylebone Campus (see page 12).

### Course title and qualification:

**Accounting and Finance** BSc Honours <sup>1,2,3</sup>

**Accounting and Business Management** BA Honours <sup>1,2,3</sup>

**Finance** BSc Honours <sup>4</sup>

**Finance and Business Management** BA Honours <sup>5</sup>

**FinTech with Data Analytics** BSc Honours

For the most up-to-date information on courses, please visit the [Accounting and Finance subject page](#)

**Professional recognition:** Courses are accredited by <sup>1</sup>Association of Chartered Certified Accountants (ACCA), <sup>2</sup>Institute of Chartered Accountants in England and Wales (ICAEW), <sup>3</sup>Chartered Institute of Management Accountants (CIMA), <sup>4</sup>Chartered Financial Institute (CFA), <sup>5</sup>Chartered Institute for Securities and Investment (CISI).

**My placement year has taught me a lot about what my life could look like after graduation. With the knowledge I have gained, I have decided to obtain the ACCA qualification after my degree.**

Samia Ali,  
Accounting BSc Honours  
(now called Accounting and Finance BSc Honours)  
Placement Organisation: Travelport

## ARCHITECTURE, INTERIORS AND URBAN DESIGN

Westminster is one of the leading providers of architecture, interiors and urban design education in the UK. Based at our vibrant Marylebone Campus, students benefit from project-based learning, allowing them to experiment with designs that are relevant to the world around them. Studio-based teaching is collaborative and hands-on, taught in small groups and led by acclaimed researchers and professional practitioners. Students have access to large, modern studio spaces and a state-of-the-art Fabrication Laboratory that mirrors professional practice. The curriculum addresses important contemporary global and local issues, including the climate crisis, spatial

justice, ethics and regenerative design. Our courses are also recognised by professional bodies including RIBA, RTPI, CIOB, CABE and CIAT.

### Career opportunities

Our live projects and integrated design, technology and industry teaching prepare our graduates for professional practice in architecture, interiors, urban design and planning, as well as roles with contractors, developers or housing providers. Many also pursue careers, further studies or research in technological innovation, environmental sustainability, and project or construction management.

All courses offer a range of **global opportunities** and **work placements**. All courses are based at Marylebone Campus (see page 12).

## ART AND DESIGN

At Westminster, we equip you not only to enter the creative industries but to shape and develop them. Surrounded by a community of photographers, artists, designers, illustrators, animators, game artists and creative entrepreneurs, you'll find inspiration at every turn. Our courses reflect the dynamic landscape of art, design and media, ensuring you are prepared for a rapidly evolving industry.

You'll work in professional dedicated studios that blend traditional and cutting-edge digital technologies, enhancing your understanding of various practices. Guided by leading

academics and industry professionals, our degrees provide a comprehensive overview of your chosen discipline and foster collaboration, setting you up for a successful career in a diverse and inclusive environment.

### Career opportunities

Our Work Based and Placement Learning module fosters connections and provides hands-on experience in the creative arts, helping shape your career path. Our graduates excel in various media and creative roles, and pursue freelance opportunities, join start-ups or launch their own enterprises.

All courses offer a range of **global opportunities** and **work placements**. All courses are based at Harrow Campus (see page 10).

## BIOLOGICAL AND BIOMEDICAL SCIENCES

With us, you will develop practical and professional skills under the guidance of staff who have an international reputation for tackling key challenges in biological, health and medical sciences. Our courses are informed by healthcare and industry employers: teaching and assessment focus on applying skills as you would in your future career – whether in practice or in research – while placement options on selected courses allow you to further build your skills and professional networks.

With state-of-the-art equipment, learning spaces and laboratories, you benefit from our cutting-edge and

innovative teaching and facilities. Our courses develop you into a workplace- and research-ready scientist with the employability skills, career ambitions and commercial inspiration needed to meet the global healthcare and environmental challenges that face us in the coming decades.

### Career opportunities

Our graduates are well prepared to progress into a range of careers, including the pharmaceutical, diagnostic and biotechnology industries, as well as research or further study in life sciences or applied medical and clinical subjects.

Our recently renovated spaces ensure you are learning in a **high-quality environment** throughout your course

Benefit from an **active, vibrant research culture**

All courses offer a range of **global opportunities** and **work placements**. All courses are based at Cavendish Campus (see page 8).

### Course title and qualification:

**Professional recognition:** Courses are accredited by <sup>1</sup>Royal Society of Biology, <sup>2</sup>Institute of Biomedical Science (IBMS); approved by <sup>3</sup>The Health and Care Professions Council (HCPC).

## BUSINESS AND MANAGEMENT

Our courses are designed to meet the demands of modern businesses. Whether you specialise in Business Management, Digital Business, Entrepreneurship, Human Resource Management or Marketing, you'll gain practical skills and industry knowledge through hands-on learning and placements.

Our courses address cultural, ethical and economic issues, equipping graduates for global business roles. Professionally accredited and focused on employability, our programmes ensure you gain the skills needed for success. Located in central London, students benefit from extensive networking opportunities, preparing them for careers in a variety of business sectors.

**Employability** is embedded throughout the curriculum

### Career opportunities

Graduates pursue roles such as business adviser, project manager, marketing strategist, insurance underwriter, operations executive, HR professionals or entrepreneur. With skills in leadership, digital business, sustainable business and retail, you'll be prepared for positions in consultancy, management, marketing and beyond, contributing to the evolving global business landscape.

All courses (except Global Trade and Business BA Honours) offer a range of **global opportunities** and **work placements**.

Courses are based at Marylebone Campus (see page 12), except Arabic and International Business BA Honours, Chinese and International Business BA Honours, French and International Business BA Honours, and Spanish and International Business BA Honours, which are based at Regent Campus (see page 14).

**My Business Management BA not only deepened my understanding of management and business, but also enabled me to build valuable global connections.**

Sujal Israni,  
Business Management BA Honours

## COMPUTER SCIENCE AND ENGINEERING

Our specialist courses will equip you with the cutting-edge skills needed to excel in today's rapidly evolving technology landscape. You'll have access to outstanding resources, including over 30 fully equipped computer laboratories for games, electronic hardware, cyber security, virtual reality and AI. Your learning will be enhanced through workshops and tutorials led by industry professionals, emphasising the development of emerging technologies that will shape society's future.

With strong connections to professional bodies such as BCS, The Chartered Institute for IT and the opportunity for

a year-long industry placement, our courses help you to develop strong links within your chosen sector for work across the globe.

### Career opportunities

We create highly adaptable graduates equipped with the knowledge and technical skills to tackle real-world challenges. Our courses will prepare you to thrive in diverse roles across many industries in areas such as software development, computer programming, systems analysis, game creation, electronic systems development, computer systems engineering, AI and machine learning development.

Boost your employability with **optional year-long work experience** before graduation

Our new outstanding facilities include **brand new Motion Capture, Games and Immersive Development Labs**

All courses offer a range of **global opportunities** and **work placements**.

Courses are based at Cavendish Campus (see page 8), except Computer Games Development BSc Honours and Computer Games Development with Foundation BSc Honours, which are also based at Harrow Campus (see page 10).

Westminster gave me the learning framework, social circles and industry connections I needed to start my career in the financial technology space.

Marius Ignat,  
Computer Science BSc Honours, 2023  
Software Engineer, Freemarket

# CONSTRUCTION, SURVEYING AND REAL ESTATE

Westminster Business School offers professionally accredited courses in Construction, Surveying and Real Estate, with strong industry links to organisations like RICS, CIOB and CABE.

Our programmes cover the design, construction and operation of buildings and places, with a focus on sustainable solutions to modern challenges. Through site visits, field trips and hands-on workshops, you'll gain practical experience using specialist equipment and the latest industry technologies.

Located in London, one of the world's most vibrant cities, our courses prepare

graduates for dynamic careers in the construction and real estate sectors, blending theoretical knowledge with real-world application.

### Career opportunities

Graduates can pursue roles such as building control surveyor, chartered surveyor, project manager and property adviser. With strong industry connections and practical experience, you'll be equipped for careers in construction management, quantity surveying, asset management and real estate, with opportunities in leading firms across the sector.

**Strong industry links** to organisations like RICS, CIOB, and CABE

**Opportunities for internships**

All courses offer a range of **global opportunities** and **work placements**. All courses are based at Marylebone Campus (see page 12).

### Course title and qualification:

Being in London has given me opportunities I otherwise would not have had. The skills I've acquired have shaped a clear direction for my future career.

Jada Keelson,  
Real Estate with Foundation  
BSc Honours

## CRIMINOLOGY AND SOCIOLOGY

We draw on a wide range of themes to explore the key issues of our time, including race, gender, immigration, crime and social injustice, and help you to answer critical questions about society in the UK and beyond.

Our friendly and supportive teaching, authentic assessment methods and wide range of specialist optional modules are designed to bring out your strengths and hone your research, analytical and communication skills. We extend your classroom to London itself; whether it's

the workings of the BBC or the Old Bailey, patterns of migration to the East End or real-life case studies, we give you the tools to do your own practical research and exploration in one of the most exciting cities in the world.

### Career opportunities

Graduates are well equipped for a variety of careers, including people-centred charities, NGOs, social work, criminal justice agencies, law and the Civil Service, or for further study.

Our **outstanding professional links** and location help you gain valuable work experience

Combine areas of study to **tailor your course** to your interest

All courses offer a range of **global opportunities** and **work placements**. All courses are based at Regent Campus (see page 14).

I am working for a social enterprise supporting impact start-ups to scale further with the help of remote volunteers – my job is extremely rewarding.

Harkiran Kaur Bharij,  
Sociology BA Honours, 2020

## DATA SCIENCE AND INFORMATICS

Our courses develop professionals who understand business challenges and design and manage data-driven solutions. Combining theoretical knowledge with practical experiences through internships, placements and live industry projects, students gain hands-on learning in our state-of-the-art facilities, including more than 30 modern computing labs and advanced software tools. We empower our students with the essential skills and connections needed to thrive in the rapidly evolving field of data science. With strong industry connections, guidance from experienced professionals, and our

central London location, our students enjoy the advantages of studying in a global business hub with many career and collaboration opportunities.

### Career opportunities

Our graduates are well-prepared to tackle real-world challenges and make a meaningful impact within any organisation, industry and society. They pursue diverse career opportunities, including roles such as data scientist, machine learning engineer, and business intelligence analyst across healthcare, finance, technology, marketing and many more sectors.

**Develop in-demand skills**  
- data analysis is a growing industry in need of skilled professionals

Qualify for **free BCS, The Chartered Institute for IT academic membership** for the duration of your studies

All courses offer a range of **global opportunities** and **work placements**. Courses are based at Cavendish Campus (see page 8), except FinTech with Data Analytics BSc Honours, which is based at Marylebone Campus (see page 12).

### Course title and qualification:

My course allowed me to meet so many different people from different backgrounds. The networking available was so brilliant. I also enjoyed how hands-on the course was.

Jada Brevett,  
Television Production  
BA Honours, 2020  
Creative Producer, Topline Film

# FILM AND TELEVISION

Student work clockwise from top-left: *Feed Your Demons*, *The Cry of the Banshee*, *We Will Grow*, *Survive Us*, *Silent London* and *Split Ends*.

## HISTORY

Our focus is on History as a subject that is inclusive of everybody. We teach in a truly global framework, listening to previously marginalised voices and questioning long-standing beliefs surrounding justice, power and identity, putting our degree at the cutting edge of the discipline.

You'll focus on social, cultural and political history of the mid-18th century to the present day, in Europe and beyond. With opportunities to choose modules and combine subject areas, you can tailor your studies to suit your interests.

A team of passionate academics deliver a varied programme of lectures, seminars, tutorials, field walks, museum visits and archive tours, so that your learning goes beyond the classroom. You can also explore internship opportunities to enhance your professional experience and networks.

### Career opportunities

Our graduates are ready for a career in a variety of areas, including journalism, media, heritage, business and education, as well as prepared for research and further study.

Benefit from **small tutorials** tailored to your needs and aspirations

Choose from a **wide range of specialised topics**

All courses offer a range of **global opportunities** and **work placements**. All courses are based at Regent Campus (see page 14).

## LANGUAGES

Our exciting modern languages courses are designed to develop your knowledge, use and understanding of language and culture, along with the skills needed for effective communication in the international environment, ensuring you are ready to succeed in the workplace. Courses are flexible to suit your ambitions: you can choose to combine your language study with one of a range of other subjects and learn a language as a beginner or at higher levels.

With an emphasis on practical learning and critical thinking, courses are

delivered through a combination of seminars, tutorials, lectures, workshops, guided self-study, professional simulations and real-world experience. You can also immerse yourself in the language and culture by spending a year or semester studying or working abroad.

### Career opportunities

Our graduates are well equipped for employment as translators, interpreters and teachers, and in other sectors including law, marketing, journalism, NGOs, the Civil Service and international business.

Benefit from our tailored **Employing Humanities Programme** to boost your employability

Enhance your **international experience** with a term or year abroad

All courses offer a range of **global opportunities** and **work placements**. All courses are based at Regent Campus (see page 14).

## LAW

Located in the heart of London, Westminster Law School offers a unique range of cutting-edge academic and professional programmes in a diverse, immersive teaching environment. We strive for every student to find their voice within the law through our numerous specialist pathways and combined courses. As well as traditional law courses, we have courses including international relations, criminal justice and policing.

Our innovative teaching methods, leading research and deep professional links give you the opportunity to be at the

cutting edge of legal knowledge and practice. Through our Legal Advice Clinic and close ties to the professions, you will develop the skills to succeed.

### Career opportunities

Graduates are well prepared for a variety of roles within the legal sector, such as solicitor, barrister and legal executive, as well as in the Civil Service, government, the criminal justice system, international institutions, NGOs, compliance, corporate governance, and senior positions within the police and law enforcement.

Enhance both legal knowledge and employability with **study abroad** and **foreign language options**

Our new **Policing BA course** uniquely considers the challenges in contemporary policing in Britain

All courses offer a range of **global opportunities** and **work placements**. All courses are based at Little Titchfield Street (see page 16).

### Course title and qualification:

**European Legal Studies** LLB Honours <sup>1</sup>  
**Law and Criminal Justice** LLB Honours <sup>1</sup>  
**Law and International Relations** LLB Honours <sup>1</sup>  
**Law** LLB Honours <sup>1</sup>  
**Law with Foundation** LLB Honours <sup>1</sup>  
**Law with French Law** LLB Honours <sup>1</sup>  
**Policing** BA Honours

For the most up-to-date information on courses, please visit the [Law subject page](#)

**Professional recognition:** Courses meet the requirements of the <sup>1</sup>Bar Standards Board and the Chartered Institute of Legal Executives.

My lecturers and tutors went above and beyond, to ensure that I attained my academic and personal goals.

Mercy Milgo,  
Law LLB Honours

# MARKETING

Westminster Business School offers marketing programmes designed to prepare you for a fast-paced, creative and rewarding career. Our courses deliver exceptional learning experiences in essential areas, including marketing communication with AI integration, digital marketing, marketing management and data analytics.

You'll gain practical skills through hands-on projects and industry collaboration while benefiting from our strong connections with professional bodies like CIM, IDM and DMI, which provide opportunities to earn additional qualifications.

Located in London, you'll develop the strategic and analytical expertise needed to excel in both national and international marketing roles.

### Career opportunities

Graduates are equipped for roles such as digital marketing manager, social media manager, brand manager and market researcher. With skills in marketing analytics, digital strategy and integrated communications, you'll be ready to pursue opportunities in consultancy, advertising and retail, contributing to the evolving marketing landscape.

Access to our digital marketing lab, **Switch 23**

Emphasis on real-world learning, **working with businesses and agencies** on projects

All courses offer a range of **global opportunities** and **work placements**. All courses are based at Marylebone Campus (see page 12).

### Course title and qualification:

**Business Management (Marketing) BA Honours** <sup>2</sup>

**Digital Marketing BA Honours** <sup>1,2,3</sup>

**International Marketing BA Honours** <sup>1,2,3</sup>

**Marketing and Data Analytics BSc Honours**

**Marketing Communications with AI Integration BA Honours** <sup>1,2,3</sup>

**Marketing Management BA Honours** <sup>1,2,3</sup>

For the most up-to-date information on courses, please visit the [Marketing subject page](#)

**Professional recognition:** Courses are accredited by <sup>1</sup>The Chartered Institute of Marketing (CIM), <sup>2</sup>Digital Marketing Institute (DMI), <sup>3</sup>Institute of Data and Marketing (IDM).

**My placement year has reaffirmed my future career choices, and it was an experience that was extremely invaluable as I gained skills that I could not have gained in a classroom.**

Megha Mathew,  
Marketing Management BA Honours  
Placement organisation: Disney

## MEDIA AND COMMUNICATION

At Westminster, we equip you with the essential skills for a successful career in the rapidly evolving media landscape. Whether you're interested in digital, traditional or emerging media, you'll gain practical experience and a solid understanding of key theoretical frameworks, making you an adaptable professional. You'll have access to our industry-standard newsrooms and TV, radio and podcasting studios. Our practical courses, location in the UK's media capital and our course teams, made up of industry experts and renowned academics from our world-leading Communication and Media

Research Institute (CAMRI), will prepare you for various roles in broadcasting, advertising, public relations, journalism and more.

### Career opportunities

We have strong relationships with a wide range of broadcasting houses and media agencies in London, a global centre for media and communication. Recent graduates are working at the BBC, CNN, BuzzFeed, The Guardian, Kiss radio, Ogilvy & Mather, Mischief PR, the Royal College of Art and McKinsey Consulting.

**A pioneer in media education,** Westminster introduced the first media degree in the UK

All courses offer a range of **global opportunities** and **work placements**. All courses are based at Harrow Campus (see page 10).

### Course title and qualification:

**Animation** BA Honours <sup>1,2</sup>

**Animation with Foundation** BA Honours <sup>1,2</sup>

**Creative Media Arts** BA Honours <sup>1,3</sup>

**Creative Media Arts with Foundation** BA Honours <sup>1,3</sup>

For the most up-to-date information on courses, please visit the [Media and Communication subject page](#)

Professional recognition: Courses are delivered in partnership with <sup>1</sup>BAFTA Albert Education and <sup>2</sup>Aardman Animation, recognised by <sup>3</sup>Screenskills.

**Studying Digital Media at Westminster equipped me with the skills needed to kick-start my career. Their emphasis on work experience prepared me to secure a job immediately after graduation.**

Sarah Chaffey  
Journalism BA Honours (now Digital Media with Journalism BA Honours)

# MUSIC

Our Music Production, Performance and Business BA prepares you for a dynamic career in the music industry. This course covers the essential areas of music production, performance and business, and collaboration across these specialisms.

Whether you aspire to be an artist, producer, performer, songwriter, composer, musicologist, journalist, DJ, technologist, entrepreneur or business specialist, this course provides you with the industry knowledge and real-world experience needed to succeed. You'll learn from leading academics and have the chance to interact with touring musicians, music executives

and recording artists. Alongside the opportunity to record, you'll also produce and perform in our industry-standard recording studios and performance spaces.

### Career opportunities

Our alumni hold key roles at major and independent record labels, production studios and concert venues, and have collaborated with global companies such as Universal, Sony, Netflix, Disney and Apple. Notable graduates include Grammy-award-winning Al Shux, Emmy the Great, Sigala and Rudimental. Our graduates continue to lead, innovate and develop in the music industry.

**Westminster's Spotify playlist** features tracks performed, written or produced by our talented music students and alumni

We have **14 professional recording studios**, five of which are surround studios and two with Dolby Atmos

All courses offer a range of **global opportunities** and **work placements**. All courses are based at Harrow Campus (see page 10).

### Course title and qualification:

**Music Production, Performance and Business BA Honours**

**Music Production, Performance and Business with Foundation BA Honours**

[Music subject page](#)

In my opinion, there are only a few other places in the world which come equal with the University of Westminster in terms of teaching all aspects of commercial music.

Csilla Jakab,  
Music Production, Performance and Business BA Honours  
Creative Director, Label C

# NUTRITION AND PUBLIC HEALTH

Our courses integrate knowledge across biochemistry, psychology, public health and exercise, giving a unified view of this all-encompassing subject area and its applications. You will learn how to be a scientific practitioner by applying key principles of nutritional and public health sciences, ranging from cellular to physiological responses of the human body, epidemiology of disease to the psychology and sociology of behaviours which impact the health of individuals and communities.

Our lively research culture informs our teaching and is reflected in our curricula specialising in key health and nutrition areas such as local and global food

security issues encountered by families, lifestyle interventions for metabolic health related diseases, and the ability to change nutritional behaviour through the use of technology.

With authentic learning throughout your course, and an optional placement year, we focus on the application of learning to ensure you're a highly employable graduate.

### Career opportunities

Graduates are well equipped for careers in consultancy, public health, health education, health advocacy, and the health and fitness industry, as well as research or further study.

Taught through a mixture of **face-to-face and online tutorials**, group activities and independent study

Optional placement year to **boost your employability** and professional networks

All courses offer a range of **global opportunities** and **work placements**. All courses are based at Cavendish Campus (see page 8).

### Course title and qualification:

**Human Nutrition BSc Honours** <sup>1</sup>

**Human Nutrition with Foundation BSc Honours** <sup>1</sup>

**Public Health BSc Honours**

For the most up-to-date information on courses, please visit the [Nutrition and Public Health subject page](#)

**Professional recognition:** Course is accredited by <sup>1</sup>Association for Nutrition (AfN).

The knowledge that I gained about nutrition and how the food we eat impacts all of our body systems was valuable and I use it regularly in my career.

Vicky Koigi,  
Human Nutrition BSc Honours  
Nutrition Specialist, Neolife International

## POLITICS AND INTERNATIONAL RELATIONS

You'll develop the ability to think critically about national and international politics, preparing you for a variety of career paths. From conflict to democracy, you'll get to grips with current events and understand the core factors affecting them. The latest political thinking will challenge your preconceptions of identity, justice, power, political economy, diversity and ethics.

We are in the centre of one of the world's greatest cities and we use this vibrant, multicultural setting to take our students

on frequent trips around London to bring theory to life. We also offer a wide range of international travel opportunities, allowing you to expand your knowledge and develop a global understanding of the topics you study, with past trip destinations including Switzerland, Turkey, India, Taiwan and Vietnam.

### **Career opportunities**

Graduates are well equipped for careers in policy and research, the Civil Service, NGOs, international organisations such as the EU or UN, and journalism.

Combine areas of study to **tailor your course to your interests and ambitions**

We are **recognised internationally** for our innovative teaching and research

All courses offer a range of **global opportunities** and **work placements**. All courses are based at Regent Campus (see page 14).

### **Course title and qualification:**

**Arabic and International Relations** BA Honours <sup>1</sup>

**Chinese and International Relations** BA Honours <sup>1</sup>

**Culture, Environment and Social Change** BA Honours

**French and International Relations** BA Honours <sup>1</sup>

**Professional recognition:** Courses are delivered in partnership with <sup>1</sup>Chartered Institute of Linguists; course meets the requirements of <sup>2</sup>Bar Standards Board and the Chartered Institute of Legal Executives.

## PSYCHOLOGY

By studying Psychology at the University of Westminster, you become part of a vibrant community marked by research, collaboration and inclusion. You'll be based in the heart of London with all its social diversity and with brilliant access to a huge range of libraries, archives and cultural resources. You'll have the option of specialising in modules that cover the full breadth of psychology and offer you a unique learning experience.

We're focused on creating graduates who are ready for the world of work. That's why practical experience is at the core of our teaching. Our degrees are accredited

by the British Psychological Society (BPS), with an optional work placement year, giving you the opportunity to gain workplace experience in a psychology or cognitive and clinical psychology-related setting in the UK or abroad.

### Career opportunities

In addition to becoming Chartered Psychologists, our graduates build careers in counselling, psychotherapy, research, teaching, healthcare, social care, human resources, advertising, marketing and business.

**Build your experience and professional networks with a work placement module**

Accredited by the **British Psychological Society (BPS)**

All courses offer a range of **global opportunities** and **work placements**. All courses are based at Cavendish Campus (see page 8), except Psychology and Criminology BSc Honours, which is based at Regent Campus (see page 14).

### Course title and qualification:

**Cognitive and Clinical Neuroscience BSc Honours**<sup>1</sup>

**Psychology BSc Honours**<sup>1</sup>

**Psychology with Foundation BSc Honours**<sup>1</sup>

**Psychology and Counselling BSc Honours**<sup>1</sup>

**Psychology and Counselling with Foundation BSc Honours**<sup>1</sup>

**I am working as a Healthcare Assistant in a Priory Psychiatric Hospital, where I have found myself using the knowledge and skills I learnt on my course.**

**Shamini Satkunam,  
Psychology and Counselling  
BSc Honours  
Healthcare Assistant**

## TOURISM AND EVENTS MANAGEMENT

Westminster Business School offers Tourism and Events Management courses that prepare you for a dynamic career in one of the world's most exciting industries.

Studying in the heart of London, a leading international tourist destination, you'll gain the skills needed to manage tourism, hospitality and events on a global scale. Our programmes cover practical topics such as destination management, event logistics and sustainable tourism, combined with hands-on learning through field trips and industry projects.

With strong industry connections, you'll develop the skills and experience to

excel in managing tourism and events across a range of sectors, both locally and internationally.

### Career opportunities

Graduates pursue careers in event management, venue management, consultancy, planning and destination management. With skills in marketing, logistics and project management, you'll be ready for roles such as senior event manager, health and safety specialist, or hotel and guest relations manager, with opportunities in tourism, hospitality and events industries worldwide.

Study in London, one of the world's leading tourism and events destinations

Use **digital tools**, including AI, to create innovative industry solutions

All courses offer a range of **global opportunities** and **work placements**. All courses are based at Marylebone Campus (see page 12).

### Course title and qualification:

[International Event Management BA Honours](#)

[Sports Management BA Honours](#)<sup>1</sup>

[Tourism Management BA Honours](#)

For the most up-to-date information on courses, please visit the [Tourism and Events subject page](#)

**Professional recognition:** Course is accredited by <sup>1</sup>The Chartered Institute of Marketing (CIM)

Studying tourism in central London truly enriched my experience, with attractions and industry professionals close by.

Klaudia Wojtowicz,  
Tourism Planning and Management  
BA Honours (now called Tourism  
Management BA Honours)

## APPRENTICESHIPS

An apprenticeship is an alternative route to achieving a university qualification while gaining valuable work experience and without being in full-time education.

Apprenticeships are ideal if you've finished school or are already working and seeking higher level training with the support of your employer. We have partnerships with multiple employers to offer a range of apprenticeships.

We offer a range of apprenticeships supporting the construction, surveying and healthcare sectors.

To be eligible, applicants must:

- be aged 18 or over
- be employed as part of an agreed apprenticeship scheme
- meet the ESFA funding eligibility criteria.

Applicants must also meet the academic entry requirements of the course. For more information on the entry requirements and application process, please email:

**enquiries.apprenticeships@westminster.ac.uk**

All courses are based at Marylebone Campus (see page 12).

### Course title and qualification:

**Level 4 Construction Quantity Surveying Technician** Quantity Surveying and Commercial Management CertHE

**Level 6 Construction Quantity Surveyor** Quantity Surveying and Commercial Management BSc Honours

**Level 6 Construction Site Management** Construction Management BSc Honours

**Level 4 Construction Site Supervisor** Construction Management CertHE

**Level 6 Biomedical Scientist** Applied Biomedical Science BSc Honours

For the most up-to-date information on courses, please visit the [Apprenticeships subject page](#)

# ADDITIONAL INFORMATION

## HOW TO APPLY

For full-time courses you must apply online via [ucas.com](https://ucas.com)

If you are resident outside the UK, you can get advice from your school or college, or one of the University's official representatives, at [westminster.ac.uk/international](https://westminster.ac.uk/international)

We also have teams based in Beijing, Guangzhou and Delhi who can support you.

If you are a mature applicant and a resident in the UK, you can seek advice from careers organisations. Please also feel free to contact us.

If you are applying for a part-time degree, you should apply via the University website.

### Entry requirements

You will find a summary of the entry requirements for each course on the relevant course page of this prospectus. For further information please refer to our website. As well as qualifications, we will look for additional evidence of suitability for a course.

### A Levels and GCSEs

#### A Levels

We consider each application on its merits. In addition to A Levels, we also consider GCSEs, personal statement and reference when making an academic decision.

#### GCSEs

We require GCSE in English Language for all courses, GCSE Maths for most courses (and Science or Double Science where specified).

### Standard entry requirements

At Westminster, we accept a range of Level 3 qualifications including:

- GCE A Level
- BTEC

- Scottish Certificate of Education
- Irish Certificate of Education
- T Levels
- HNC/HND
- Access to HE Diploma
- Foundation course
- International Baccalaureate
- Welsh Baccalaureate

Please note that we are happy to consider applications that reflect a mixture of Level 3 qualifications either passed or being taken, as long as they are equivalent to our standard entry requirements.

### International entry requirements

We have extensive experience in evaluating non-UK qualifications. For country-specific information, please visit [westminster.ac.uk/international](https://westminster.ac.uk/international)

### International visa requirements

Before you apply for your visa you must have accepted our unconditional offer of a place and have a Confirmation of Acceptance for Study (CAS) from the University of Westminster. The CAS is a unique reference number which confirms that you will be studying at Westminster. You will need this number for your visa application form. Your CAS will be issued once you have paid the minimum deposit towards your tuition fees. Further information about the deposit can be found on our website. [westminster.ac.uk/international-student-deposits](https://westminster.ac.uk/international-student-deposits)

If you need to apply for a student visa in order to study with us, then please read the information on our website at [westminster.ac.uk/visas](https://westminster.ac.uk/visas)

### Language requirements

You will find a summary of the English entry requirements on the relevant course pages on our website.

We offer pre-session summer programmes if you need to improve your English before your course; see page 92. [westminster.ac.uk/efl](https://westminster.ac.uk/efl)

### Admissions Policy and Guides

Our Admissions Policy and Guides are available on our website. [westminster.ac.uk/admissions-policy](https://westminster.ac.uk/admissions-policy)

### Students with disabilities

We encourage applications from people with disabilities, long-term health conditions and Specific Learning Difficulties (dyslexia, dyspraxia, dyscalculia and ADHD).

For individual disabled students, it is important that we establish the reasonable adjustments possible and required to minimise the impact that their impairment might have on their studies.

If you have a disability, long-term health condition or Specific Learning Difficulty, please indicate this clearly on your application form. Determining an appropriate support package and applying for all sources of support, internal and external to the University, can take some time (eight weeks on average). A late disclosure of a disability may delay your support or make it impossible to put in place. Therefore, we are keen to hear from you as early as possible in the application process to avoid a deferral of entrance and disappointment. For more information please contact our Disability Learning Support team.  
T: +44 (0)20 3506 8800  
E: [DLS@westminster.ac.uk](mailto:DLS@westminster.ac.uk)  
[westminster.ac.uk/disability](https://westminster.ac.uk/disability)

### Notes for applicants

While courses are offered as described at the time of going to press, sometimes revisions are made, mainly to ensure our courses are kept up-to-date. We will only cancel a course if it is unavoidable and will keep applicants informed of any major changes.

### Terms and conditions

Our Terms and Conditions are available via the course pages of our website. A link to download these terms is also provided as part of your offer of a place at the University.

### Data access

We take care to ensure the confidentiality of

your application information. All details are held on the University computer system for internal administrative purposes and the compilation of statistics. However, if requested, we may provide information to UCAS, local education authorities, police forces and government departments (eg UK Visas and Immigration).

To request any personal data we keep on file about you, please contact us.  
E: [dpa@westminster.ac.uk](mailto:dpa@westminster.ac.uk)

If you prefer, you can write to the Information Compliance Team, University of Westminster, 309 Regent Street, London W1B 2HW  
[westminster.ac.uk/data-subject-rights](https://westminster.ac.uk/data-subject-rights)

## FEES AND FUNDING

Student Finance England provides loans for higher education fees and living costs if you live in England and meet the residency conditions. Providing you are studying an eligible course, and this is your first time studying a higher education qualification, you will not have to pay your tuition fees up front if you qualify for funding.

### UK (Home) students – applying for student finance

You do not need a confirmed place at university to apply for student finance. It's best to apply as early as possible even if you are not sure which university you will be going to. Please see [gov.uk/student-finance](https://gov.uk/student-finance)

For more information go to [westminster.ac.uk/fees-and-funding](https://westminster.ac.uk/fees-and-funding)

### Confirmation of your registration at Westminster, and tuition fee payment

The Tuition Fee Loan will be paid directly to the University once your attendance at the University is confirmed.

### University of Westminster Scholarships

To be eligible to apply for a scholarship, you must first have been offered either a conditional or unconditional place on a course. Successful applicants are chosen on the basis of various criteria including academic merit and financial need.  
[westminster.ac.uk/study/fees-and-funding/scholarships](https://westminster.ac.uk/study/fees-and-funding/scholarships)

### UK undergraduate fees

Undergraduate fees for UK students who meet the residency requirements are regulated by the UK Government. For the latest information please visit our website.

### University of Westminster international undergraduate fees and processes

The latest details of undergraduate international fees can be found on our website. As an international student, you will be asked to pay a deposit towards your fees when you accept your offer of a place to study with us. We will then issue you with a Confirmation of Acceptance of Studies (CAS), which you can use to apply for your visa. We have a team of visa advisers who can help you through this process. Please read the full deposit information at: [westminster.ac.uk/international-student-deposits](https://www.westminster.ac.uk/international-student-deposits)

If you are an EU passport holder and unsure if you require a student visa, please visit [westminster.ac.uk/visas](https://www.westminster.ac.uk/visas) or [gov.uk/student-visa](https://gov.uk/student-visa)

## COURSE STRUCTURE AND ROUTES TO STUDY

### Course structure

Bachelor of Arts (BA), Engineering (BEng), Law (LLB), Music (BMus) and Science (BSc) degree courses normally last three years full-time, or four years if you take a work/industrial placement year, or a year abroad. Undergraduate courses are modular and are taught over two semesters each academic year. Each module has a credit rating, and you gain credits for modules that you successfully complete. You continue to accumulate credits until you have gained enough for the award; an Honours degree requires a minimum of 360 credits.

### At each credit level, you can choose from:

- core modules that must be studied
- option modules, where there is a choice within your subject area
- elective modules, where your course allows, giving a choice from outside your main subject area.

If you have recently been studying at another institution, you may be able to take a course at Westminster with credits already gained.

### Foundation pathway

We offer foundations as a route on to some of our undergraduate programmes. For module information and any further details, please visit [westminster.ac.uk/foundation](https://www.westminster.ac.uk/foundation)

### International exchange programme

We have a broad network of partnerships across the world, offering you the opportunity to study at one of our partner universities. You can go on a student exchange programme for one semester or, if your course allows it, a whole year. [westminster.ac.uk/westminster-abroad](https://www.westminster.ac.uk/westminster-abroad)

### Professionally accredited awards

Courses in many of our core disciplines are accredited by professional bodies to allow exemption from exams following graduation, or to certify that the standards required for professional practice have been met. The criteria of the different bodies change from time to time, and if the University can give prior notification before the start of the academic year, you will be advised of changes that may affect your course.

All references to Professional, Statutory and Regulatory Bodies accreditations are correct as at the time of going to print. Please refer to our course webpages for up to date information on specific accreditations.

### Mature students

The vast majority of mature students who are accepted successfully complete their course, but returning to study can be challenging. To help you meet that challenge you will have access to tutorial support, and we provide a series of workshops on getting to grips with university life, and brushing up on your study skills. Formal qualifications are only one measure of your ability to study at a higher level. Work or other experience, maturity of approach, commitment and enthusiasm are also important. We take these factors into account when making offers of places.

Students of any age who have acquired certificated learning at an appropriate level can be exempted from specific modules, through the Recognition of Prior Learning (RPL) system.

However, if you are 21 or over, the knowledge and skills which you have gained through life, work experience and study may make you eligible for credits towards your course under the Recognition of Prior Experiential Learning (RPEL) programme.

For more information contact the team:  
T: +44 (0)20 7911 5000  
E: [RPLAdmin@westminster.ac.uk](mailto:RPLAdmin@westminster.ac.uk)

### Part-time students and flexible study modes

Many of our students are studying part-time, either taking degrees, on short courses or working to gain professional accreditation. Achieving a degree part-time takes five years on average. Students requiring a student visa to study with us cannot apply for part-time courses. Apply for a part-time course on the course page of our website: [westminster.ac.uk/study](https://www.westminster.ac.uk/study)

## INTERNATIONAL

### Meet us in your country

Our staff are available to meet students at overseas exhibitions and school visits and at a range of virtual events. We also work with representatives around the world who can help you with your application to Westminster.

We also have teams based in Beijing, Guangzhou and Delhi.  
E: [southasia@westminster.ac.uk](mailto:southasia@westminster.ac.uk)  
E: [china@westminster.ac.uk](mailto:china@westminster.ac.uk)

### Institutional partnerships

We have a wide range of partnerships with universities and academic institutions in the UK and overseas that allow students to progress on to degree courses at Westminster.

### Student visas

For information about whether you require a visa in order to study with us, including if you hold an EU passport, as well as details of how to apply, please visit our website at [westminster.ac.uk/visas](https://www.westminster.ac.uk/visas) or [gov.uk/student-visa](https://gov.uk/student-visa). Please note that part-time study is not available if you are in the UK on a student visa.

### Overseas experience

For information on gaining international

experience while studying, see pages 26–27 or visit our website.

[westminster.ac.uk/westminster-abroad](https://www.westminster.ac.uk/westminster-abroad)

The University of Westminster seeks to continue participating in the Turing Scheme and is working closely with partner institutions to ensure continued study and work opportunities for UK students in countries around the world. For details on the opportunities available, please visit [westminster.ac.uk/westminster-abroad](https://www.westminster.ac.uk/westminster-abroad)

### Partner University Students

Our exchange programmes also offer the opportunity for students from partner institutions to come to Westminster for a semester or year. The exchanges are subject-based. For more information go to [westminster.ac.uk/student-exchanges](https://www.westminster.ac.uk/student-exchanges)

Don't worry if you are not from one of our partner universities. You can still come to study with us on one of our study abroad programmes.

### Study abroad programmes

Westminster's study abroad programmes give you the opportunity to come to study for a semester, academic year or summer. You can also add an internship in the semester. The programmes are designed to immerse you in the life of the University and the city of London. They offer you the chance to enhance your academic learning and future employability,

### INTERNATIONAL FOUNDATION COURSE

For international students who do not meet our Bachelor's degree entry requirements, we work in partnership with Kaplan International College (KIC) London to provide International Foundation and Year One courses with guaranteed progression to your chosen degree (subject to meeting entry criteria and visa requirements); for more information, see page 91, or visit [kaplanpathways.com](https://www.kaplanpathways.com)

We also recognise qualifications from a number of other International Foundation providers. See the University Preparation Courses section on our website for a full list. [westminster.ac.uk/university-preparation-courses](https://www.westminster.ac.uk/university-preparation-courses)

and to undertake a unique adventure that will be a life-changing experience.

The University of Westminster is proud to be a Generation Study Abroad commitment partner. [westminster.ac.uk/study-abroad](https://www.westminster.ac.uk/study-abroad)

## STUDENT AND ACADEMIC SUPPORT

### Student Centre

Our Student Centre teams will be happy to help you with any of your enquiries.

E: [studentcentre@westminster.ac.uk](mailto:studentcentre@westminster.ac.uk)

### Academic English

We offer Academic English support which you can take as part of your degree course.

[westminster.ac.uk/academic-english](https://www.westminster.ac.uk/academic-english)

### Student Charter

An effective partnership between students and staff is vital to the success of the University and our students, and our Student Charter forms the basis of this relationship.

[westminster.ac.uk/student-charter](https://www.westminster.ac.uk/student-charter)

### Advice and support

#### Student Advice

We offer practical information and professional advice on a range of issues including student finance entitlement, welfare benefits and money management. We provide immigration and visa advice to international students including EU/EEA and Swiss nationals, and advice on other general issues such as working in the UK. We offer additional support to students who have been in care and students who are estranged from their family.

[westminster.ac.uk/advice](https://www.westminster.ac.uk/advice)

#### Student funding

We offer a number of bursaries and financial awards for current students, to help with everything from day-to-day expenses, to buying equipment and funding international trips..

#### Counselling and mental health advice

The team is happy to provide confidential support with anything that is bothering you, including study difficulties, relationship problems, anxiety or depression, mental health

challenges or difficult life events.

[westminster.ac.uk/counselling](https://www.westminster.ac.uk/counselling)

#### Care leaver and estranged students support

For students who have been in care (local authority/public care, foster care, semi-independent living or residential care homes) individual additional support is available from the Care Leaver Co-ordinator. We also offer help and advice for estranged students who are young people studying without the support and approval of a family network. Additional support is available from our Estranged Student Co-ordinator.

[westminster.ac.uk/care-leaver-support](https://www.westminster.ac.uk/care-leaver-support)

[westminster.ac.uk/estranged-students](https://www.westminster.ac.uk/estranged-students)

#### Faith and Spirituality

The Faith and Spirituality team are here to encourage all students and colleagues to explore their sense of spiritual wellbeing as part of an authentic learning experience. We offer a compassionate space to contemplate together in the spirit of openness and honesty. We provide opportunities for confidential contact on an occasional or regular basis, especially in times of difficulty.

[westminster.ac.uk/faith-and-spirituality](https://www.westminster.ac.uk/faith-and-spirituality)

#### Learning support

You can access our online services for quick support, attend online and in-person workshops on a range of subjects, make use of our one-to-one service and see us delivering sessions in your modules.

[westminster.ac.uk/learning-and-study-skills-support](https://www.westminster.ac.uk/learning-and-study-skills-support)

#### Disability Learning Support

If you have a Specific Learning Difficulty (such as dyslexia, dyspraxia or ADHD), mental health condition, long-term health condition (such as epilepsy or diabetes) or any other disability, please contact us to find out what additional support is available.

[westminster.ac.uk/disability](https://www.westminster.ac.uk/disability)

#### Digital skills and capabilities

We offer our students access to a range of free digital capability development courses. There are a range of Microsoft and Adobe online courses available, including the Microsoft fundamentals programme that focuses on cloud technology and artificial intelligence and

offers free Microsoft accreditation. As part of the programme of support all students have free access to LinkedIn Learning.

[westminster.ac.uk/it-training](https://www.westminster.ac.uk/it-training)

#### Personal tutoring

Personal tutoring is a crucial aspect of how the University supports you. All undergraduate students are assigned a personal tutor and you can speak to them about planning which modules to take, choosing option modules, gaining further study skills and any matters affecting your studies.

#### Student wellbeing

Your personal tutor should be your first port of call if you have a concern or are in need of specialist support. They can refer you to a wellbeing adviser. We provide confidential information and advice on a range of topics such as mental health, general wellbeing, homelessness and healthier lifestyles.

E: [student-wellbeing@westminster.ac.uk](mailto:student-wellbeing@westminster.ac.uk)

[westminster.ac.uk/student-wellbeing](https://www.westminster.ac.uk/student-wellbeing)

#### Report and Support

We are a compassionate community that looks out for each other and our collective wellbeing. Our Report and Support platform allows students to make a report if they experience any bullying and harassment, discrimination, hate crime or sexual misconduct. You may choose to disclose anonymously or with your contact details.

[reportandsupport.westminster.ac.uk](https://reportandsupport.westminster.ac.uk)

The University of Westminster is committed to ensuring that all students can study in a safe and inclusive environment. Our approach to preventing and addressing harassment and

sexual misconduct can be found on our Student Hub [westminster.ac.uk/current-students](https://www.westminster.ac.uk/current-students)

#### Careers and employment

Our Careers and Employability Service can help you throughout your studies and for up to three years after graduation. We can also support you to find part-time jobs on campus, as well as work placements and volunteering opportunities.

[westminster.ac.uk/careers](https://www.westminster.ac.uk/careers)

#### Health and safety

The University complies with the requirements under Section 3(i) of the Health and Safety at Work Act 1974. The University has a responsibility to the student and the public visiting the site, but as a student you have a responsibility to conduct yourself so as not to endanger your own health and safety, or the health and safety of others. The University has a legal obligation to keep a record of all accidents that occur on its premises, and students involved in any accident, however slight, are required to report the circumstances immediately to a first aider, safety contact or their supervisor.

## ACADEMIC SUPPORT FOR INTERNATIONAL STUDENTS

### International Foundation

Delivered by Kaplan International College (KIC) London, the Foundation is designed to prepare you for undergraduate study. Progression to Westminster is guaranteed (subject to visa requirements) if you complete your KIC London course and achieve the required grades.

Course title	Course duration	Location	Entry requirements
<b>International Foundation</b>	Between seven and eleven months depending on English level at point of entry. Start dates are available in September, October and January.	KIC London, London Bridge	In general, entry to the Foundation Certificate requires you to have passed Grade 12 (or equivalent). You will need to show proof of English language ability, usually an IELTS test (or equivalent). A higher IELTS score means your course will be shorter and you can progress to your Bachelors degree more quickly. For specific entry requirements and general information, contact KIC London. Apply directly at <a href="https://www.kaplanpathways.com/university-of-westminster">kaplanpathways.com/university-of-westminster</a>

For more information, visit [kaplanpathways.com/university-of-westminster](http://kaplanpathways.com/university-of-westminster)

On successful completion of the Foundation Certificate at KIC London, you will progress to the first year of an undergraduate degree at the University of Westminster.

In addition to the International Foundation, Kaplan also offer International Year One and general English courses which support, or provide entry into some of our degree courses. [kaplanpathways.com/westminster/contact](http://kaplanpathways.com/westminster/contact)

### English language support

The University of Westminster offers a range of courses to support the development of your English language ability. Our Academic English modules and pre-sessional English Language courses will develop:

- your understanding of what is required on your future degree course
- the accuracy of your English, including academic language
- your range of academic vocabulary, with a focus on collocation and word families
- your ability to apply academic language across a variety of text types in your research
- your essay and report-writing skills through ongoing practice
- effective strategies for reading academic books, journal articles and case studies
- the listening and note-taking skills necessary to benefit from university lectures
- your ability and confidence to participate in group discussions and seminars on academic topics
- your presentation skills, including pronunciation, stress and intonation
- your confidence in being able to follow university-level courses in English.

### Academic English

Our Academic English modules have been designed to allow you to consolidate, extend and develop your proficiency in Academic English. Enrolment for Academic English will take place during orientation week and learning week one. During enrolment we can determine whether an Academic English module is appropriate for you. You can find more information online, at [westminster.ac.uk/academic-english](http://westminster.ac.uk/academic-english)

### Pre-sessional English

If you are an international student, you can

register on one of our pre-sessional English Language courses which will help you develop the language and study skills you need for academic success on a full-time undergraduate course.

The course materials and assessments will also have a disciplinary focus, as a further means of preparing you for your future degree.

You can find more information online, at [westminster.ac.uk/pre-sessional](http://westminster.ac.uk/pre-sessional)

## OUTREACH

If you are supporting students considering higher education or who are interested in studying at the University of Westminster, the Outreach Team is here to help.

# OPEN DAYS

## VISIT US AT AN OPEN DAY

Open days are the perfect opportunity to find out everything you need to know about studying at the University of Westminster. Visiting us will allow you to

**Get a feel for our University in London**  
Be yourself at Westminster and meet our diverse, supportive and welcoming community

**Discover more about your course**  
Talk to a course representative and current students to explore what you'd be studying and learn about student life

**Check out the campus and facilities**  
See our classrooms, studios, labs, libraries, common spaces and accommodation

**Find out more about careers**  
Learn how our placements, careers fairs, studying abroad and mentoring schemes prepare you for your future

Our open days are interactive events, allowing you to chat to staff throughout the day to ask any questions you may have about:

- student finance
- the admissions process
- career support
- accommodation
- study/work abroad
- disability learning support
- wellbeing.

Please see our website for details of our upcoming open days and to book your place.  
[westminster.ac.uk/open-days](http://westminster.ac.uk/open-days)

## OUR CAMPUSES

## OUR ENTRY REQUIREMENTS EXPLAINED

We are happy to consider a variety of qualifications, including T Levels. Details of specific course requirements are listed on our website on the individual course pages.

These may include International Baccalaureate, Access Course and Cambridge Technicals. We also accept a range of alternative qualifications including recognised foundation courses and international qualifications.

We accept a wide range of Level 3 qualifications not specifically mentioned here, based on the UCAS points you hold. To check how many UCAS points your qualification earns, scan this QR code

If your qualification is not listed or if you are unsure, please contact [course-enquiries@westminster.ac.uk](mailto:course-enquiries@westminster.ac.uk)

Some subjects may require specific qualifications. See website for details.
